Florida Motion & Control provides product knowledge, customer solutions, technical assistance and the most comprehensive inventory of industrial automation products in Florida.

Pneumatic

- Valves & valve manifolds
- ISO and NFPA cylinders
- Rodless actuators
- Slides
- Rotary actuators
- Regulators & filters
- Grippers
- Air amplifiers
- Tubing, connectors, & flow controls

Electromechanical

- Electric cylinders
- Electric rodless actuators
- Digital servo motors
- Belt driven actuators
- Easy to program
- 20 to 2000 lb. force models
- 24 - 72 VDC, 110 - 230 VAC
- Accurate position control
- Absolute encoders
- Great value!

Variable Frequency Drives

- Hitachi high-reliability drives
- Models for 1/4 to 200 HP
- MODBUS RTU RS-485 built in
- Ethernet option
- High starting torque
- Compact design
- Automatic energy saving mode
- Analog outputs

PLCs, Switches, Power Supplies, Touchscreens

- 12/24/48 vdc, 115/230 vac DIN rail mount power supplies
- IDEC SmartRelays and PLCs
- PLCs with web server
- Standard relays and switches
- HMI touchscreens
- Safety switches
- Light curtains
- Light stacks

Gauges & Sensors

- GEMS Sensors
- NoShok gauges
- DataSensor photoelectrics
- Vacuum sensors
- Digital indicators
- Pressure switches
- Linear transducers
- Color sensors
- Flow sensors
- Level sensors

Industrial Ethernet

- N-Tron high-reliability industrial ethernet switches
- Managed and unmanaged
- Automatic IGMP configuration
- Auto sense 10/100/1000 mb/s
- IP 67 model
- DIN rail mountable
- RJ-45 and optical ports
- Self healing ring manager
- American Bureau of Shipping approval

80/20 Extrusion

- Guarding & Enclosures
- Pro-Line Workstations
- Automation & Linear Motion
- Exhibits & Displays
- Furniture
- Material handling
- Widest choice of panels
- Custom machined parts
- Quick turnaround

Industrial PCs, Touchscreens & Marquees

- Advantech Industrial PCs
- ADAM Distributed I/O
- EXOR Touchscreens
- Windows XP, Windows CE, Linux OS
- 2,3,4 Line LED Marquees
