Florida Motion & Control provides product knowledge, customer solutions, technical assistance and the most comprehensive inventory of motion control products in Florida.

Hydraulic Pumps, Valves, & HPUs

- Oilgear pumps and motors
- Continental pumps & valves
- ATOS valves
- Piston, vane & gear pumps
- Directional & proportional valves
- Hydraulic Power Units off-the-shelf or built to order
- NuTron hydraulic motors

Hose & Connectors

- Hydraulic hose & fittings
- Air & water hose
- Thermoplastic hose, fittings & couplers
- Teflon hose & fittings
- Tube fittings & adapters
- Brass fittings & plastic tubing
- Quick couplers
- Ball valves

Hydraulic Cylinders

- Heavy duty service
- NFPA specs
- Bore sizes: 1" - 14"
- Position sensing capability
- Custom welded
- Steel, stainless steel
- Glands & repair kits

Gauges & Sensors

- GEMS Sensors
- NoShok gauges
- DataSensor photoelectrics
- Digital indicators
- Pressure switches
- Linear transducers
- Color sensors
- Flow sensors
- Level sensors

Filters

- Low, medium, high psi
- Inline, manifold, tank top
- Cartridge and spin-on
- Filter carts
- Particle counters
- Stainless steel
- Visual and electrical indicators
- Interchange elements

Compact Power Units

- 12/24 vdc, 115/230 vac
- Up to 3500 psi
- Choice of reservoirs, valves
- Vertical and horizontal mounts
- Hydraulic gear motors
- Miniature piston pumps

Motion Control

- Linear transducers
- Delta computer controllers
- HR Textron servo valves
- Accurate position control
- Accurate force control
- 1 to 8 axes
- DeviceNet, Ethernet/IP
- Easy motion profile creation

80/20 Extrusion

- Guarding & Enclosures
- Workstations
- Automation & Linear Motion
- Exhibits & Displays
- Furniture
- Material Handling
- Widest choice of panels
- Custom machined parts
- Quick turnaround
